

Our range of courses are tailored to your specialty so you get the latest evidence, guidelines and best practice relating to the patients you see every day.

Our expert speakers will go beyond the guidelines to help you look at the big picture of what you're facing and teach you how to make changes that will update your knowledge but also improve your health, wellbeing and ability to feel in control of your workload.

BOOK WITH EARLY BIRD BEFORE 6 SEPTEMBER 2019

Tailor your experience by choosing to attend the sessions from our courses and workshops offered during the two days:

- GP General Update - 4 & 5 October
- Physicians General Update - 4 & 5 October
- Dermatology - 4 October
- Care of the Older Person - 5 October
- Musculoskeletal Medicine - 5 October
- Personal Development Minicourses - 4 & 5 October

Excellent speakers, relevant and helpful. There was something useful to take from every lecture.

Earn 6
CPD Credits
per day

sessions. Register now and save up to £60 → live.bmj.com

Who should attend?

Relevant for GPs, hospital doctors, trainees and other healthcare professionals, each course will include a range of topics presented by leading experts providing you with practical tips. Personalise your experience, attend the sessions most relevant to you, saving time away from practice, all under one roof.

Key reasons to attend:

- › 6 CPD points per day
- › Expert speakers who give you practical tips on how to interpret the latest guidelines and evidence in your practice
- › Interactive voting – make decisions on cases as you would in your practice and see if your peers and our speakers agree
- › Dedicated question time with the experts – quiz them on a tricky condition, or get advice on how to manage a specific patient
- › The opportunity to discuss key topics with other colleagues working in the same environment
- › 6 month subscription to BMJ Best Practice and BMJ Learning

Register to attend any of our masterclasses and you will also receive complimentary access to:

Careers Fair exhibition with access to over 80 exhibitors

1-2-1 Careers Advice

CV checking

Live Jobs Board

Practical stations offering hands on training

Over 20 career seminars

Early booking is highly recommended to secure your preferred sessions.

Covered a wide range of topics with useful and practical ways of managing commonly encountered problems.

My first time on a BMJ masterclass – will be returning. Very informative and well organised with excellent communication and time keeping! Received copy of slides in pdf mode and was able to make notes on my laptop instead of using word – loved it!
